"Protecting jobs and helping people back into work is a key priority of mine. It has never been so important to host a community event like this.

"As we build back from the COVID-19 pandemic, it is vital that we ensure local people of all ages have well-paid and fulfilling jobs on their doorstep.

"I want to ensure that local people are connected with opportunities to develop and learn new skills, and that businesses are supported with their current recruitment needs.

"This fair is the first of its kind locally and will bring together businesses and individuals alike. I would be delighted if you would join me and perhaps find a job that will begin your new career path."
